The Service You Deserve

All of us at Listen Technologies are dedicated to offering you the highest quality products available backed by outstanding service and support. Here's what you can count on from your experience with Listen Technologies.

3 rings or less to a "live" person answering our phones from 7:00 a.m. to 5:00 p.m. MST. At Listen, we welcome the opportunity to "talk" to you!

30 minutes or less to respond and provide a price quote for projects to you via e-mail. Dealers that leverage Listen for this have higher revenue with Listen and they spend more time focused on other projects. Listen wants to support more of you in this way. You have many things you could spend your time on, why not use Listen to help make recommendations?

97% of orders received before 2:00 p.m. ship the same day. At Listen we pride ourselves in maintaining inventory to take care of you as you need.

1.5 days average turnaround for a repair with an RMA#. We focus on getting Listen products repaired and turned around quickly.

Ordering/Purchasing From Listen

Listen Technologies appreciates the opportunity to continue to earn your business. Listen only sells products through authorized dealers and does not sell to end users.

To place an order:

Email: orders@listentech.com
Phone: 1.800.330.0891 or +1.801.233.8992
Fax: +1.801.233.8995
Mail: 14912 Heritagecrest Way, Bluffdale, UT 84065-4818, U.S.A.

For information or to receive a formal price quote:

Email: info@listentech.com
Phone: 1.800.330.0891 or +1.801.233.8992
Fax: +1.801.233.8995
Mail: 14912 Heritagecrest Way, Bluffdale, UT 84065-4818, U.S.A.

Minimum Advertised Price (MAP/MSRP)

Listen's Minimum Advertised Price is our Manufacturer Suggested Retail Price (MSRP) in US dollars. All print and electronic advertisements should be at MSRP or higher, or indicate "call for price." Any violation of MAP may result in termination of dealership. This policy must be strictly adhered to and there are no exceptions.

Terms and Conditions

Listen standard terms are Net 30 OAC. Listen accepts major credit cards (Visa, MasterCard, and American Express), wire transfers, prepayment and COD. Drop hipping can be arranged (excluding COD orders). This price catalog supersedes all previous price catalogs. Prices listed are in US dollars, exclude shipping costs, and are FOB/Exworks Listen site. Prices, specifications, terms and conditions are subject to change without notice. A 20% restock fee from original invoice will be charged for returned product. All returned product must have a Return Merchandise Authorization (RMA) number.

Returns and Exchanges

Products damaged in shipping are the responsibility of the transportation company and all claims must be made and filed with the carrier immediately. Listen does not insure shipments unless requested. Should product need to be returned to Listen for any reason a Return Merchandise Authorization Number must be issued. Listen will only accept returned products from an authorized Listen dealer with prepaid shipping and with a RMA#. To receive a Return Merchandise Authorization Number:

Email: support@listentech.com
Phone: 1.800.330.0891 or +1.801.233.8992
Fax: +1.801.233.8995

DCS 6000 Series

Hear and be Heard

When ten or more people come together for a meeting, setting the right tone for a productive interaction is imperative. A Listen DCS 6000 solution is a meeting management system that provides a platform for effective and productive meetings. A DCS 6000 solution creates a "one-on-one conversation" for many, allowing all participants to hear and be heard. It delivers a method to manage the flow and protocol of conversation while also allowing the proceedings to reach consensus. Decisions and actions are captured all resulting in effective, productive communication.

DCS 6000 Series Solutions

A DCS 6000 System gives you more than great sound—it facilitates high-level meeting management and participation through software. Everyone in attendance can cast a vote, register, read the agenda, manage settings of interpreted languages, or send and receive messages through the system. Perfect for boardrooms, flex rooms, and meeting rooms.

- Customizable systems can be flush-mounted or portable
- Integrate web streaming, archiving & audio encryption
- Advanced software for voting, agenda, language Interpretation and more
- Easy to set up and take down for transport
- Auto Seek mode keeps it simple for the user
- Systems can be voice-activated, push-to-talk, and operator controlled – flexible to your needs

DCS 6000 Series

CU 6005
DCS 6000 Medium Power Central Control Unit

- Can power and control up to 50 conference units, expand the system control capacity by adding a feature license and power supply(s).
- Has two (2) chain outputs for daisy connection.
- One (1) audio input and output to accommodate external equipment such as PA system, recording devices, external microphones, etc.

$3,179.00 MSRP

CU 6011
DCS 6000 High Power Central Control Unit

- Can power and control up to 50 conference units, expand the system control capacity by adding a feature license and power supply(s).
- Has four (4) chain outputs for daisy connection vs. two (2) chain outputs on the CU 6005.
- One (1) audio input and output to accommodate external equipment such as PA system, recording devices, external microphones, etc.

$4,249.00 MSRP

AO 6004
DCS 6000 4-Channel Analog Output Module

- Extract and distribute audio to IR or RF systems, recording and/or web-streaming devices via the four (4) XLR outputs.
- Allows for additional system outputs for overhead PA system or interfacing to other products.
- Designed to be mounted in the CU 6005 expansion slot and connected easily through the Cat-5e daisy chain.

Requires: Cat-5e STP Cable (EC 6001-XX) (see page 11)

$1,479.00 MSRP

AO 6008
DCS 6000 8-Channel Analog Output Module

- Extract and distribute audio to IR or RF systems, recording and/or web-streaming devices via the eight (8) XLR outputs.
- Allows for additional system outputs for overhead PA system or interfacing to other products.

Requires: Cat-5e STP Cable (EC 6001-XX) (see page 11)

$3,129.00 MSRP

EX 6010
DCS 6000 Extension Power Supply

- Provides additional power for up to 160 conference units, interpreter sets, or 320 channel selectors in four (4) chains.
- Flexible cabling topology allows for easy expandable setup.

Requires: Cat-5e STP Cable (EC 6001-XX) (see page 11)

$4,139.00 MSRP

PS 6000
DCS 6000 In-Line Extension Power Supply

- Provides additional power capacity for 40 conference units, interpreter sets, or 80 channel selectors in one (1) chain.
- Compact, robust unit operates noise free and can be placed anywhere in the meeting room.

Requires: Cat-5e STP Cable (EC 6001-XX) (see page 11)

$1,219.00 MSRP

DCS 6000 Microphone Units

DC 6120 P
DCS 6000 Delegate/Chairman Configurable Unit for Pluggable Mic

- Features a built in loudspeaker and a 3 pin XLR connector for a pluggable gooseneck microphone (sold separately).
- The unit is easily configured for use by either a delegate or a chairman and the two push buttons can be exchanged to match functionality or to match the local language.

Requires: Cat-5e STP Cable (EC 6001-XX) and Pluggable Mic (see page 11)

$690.00 MSRP

DC 6190 P
DCS 6000 Single/Dual User Configurable Unit w/Dual Channel Selectors for Pluggable Mic

- Features a built-in loudspeaker, a 3 pin XLR connector for a pluggable gooseneck microphone (sold separately) and two (2) channel selectors with three letter language codes.
- The unit is easily configured for use by either a delegate or a chairman and the two (2) push buttons can be exchanged to match functionality or to match the local language. Two (2) separate channel selectors are available with crystal clear indication on OLED displays enabling two persons to listen to the interpreted language.

Requires: Cat-5e STP Cable (EC 6001-XX) and Pluggable Mic (see page 11)

$860.00 MSRP

DC 6990 P
DCS 6000 Single/Dual User Configurable 3.5 in. Touchscreen Unit for Pluggable Mic

- Touchscreen conference unit is a fully digital unit ideal for permanent or temporary meetings with speech, voting and/or language interpretation (32 channels) functions.
- Customize the high resolution touchscreen for one (1) or two (2) meeting participants to vote (yes/no/abstain and multiple choice), select an interpretation channel, log in (optional chip card) and show speaker list, agenda or voting results. High quality loudspeaker, two (2) channel selectors and two (2) microphone buttons.

Requires: Cat-5e STP Cable (EC 6001-XX) and Pluggable Mic (see page 11)

$1,649.00 MSRP

DM 6680 P
DCS 6000 Delegate Unit w/5 Voting Buttons for Pluggable Mic

- Cost effective microphone unit to compliment the same elegant design of DC 6990 P touchscreen conference unit.
- Ideal for permanent or temporary meetings with speech, voting and/or language interpretation functions.
- Together with the DC 6990 P (as a chairman unit), a complete voting system can be easily implemented with excellent audio quality.

Requires: Cat-5e STP Cable (EC 6001-XX) and Pluggable Mic (see page 11)

$1,035.00 MSRP

(Shown with GM 6523 Mic)

IS 6132 P
DCS 6000 32-Channel Interpreter Set for Pluggable Mic

- Features two (2) outgoing A/B channels and eight (8) input relay options for quickly changing to the needed interpretation channel.
- Large LCD for simple set-up and operation of the set.
- The set can be used with a gooseneck microphone and a headphone or a headset (sold separately) to accommodate the interpreter's preference.

Requires: Cat-5e STP Cable (EC 6001-XX) and Pluggable Mic or DCS 6000 Interpreter Headset (see page 11)

$2,279.00 MSRP

CM 6080 F
DCS 6000 Chairman Flush Unit w/Single Channel Selector & Loudspeaker for Pluggable Mic

- Cost-effective way to permanently flush mount a loudspeaker, a pluggable microphone with microphone button, a priority button and a channel selector.
- Each unit enables the conference chair to speak, register a request-to-speak, listen to other speakers, listen to language channels and override delegates with the priority button.
- Made of black anodized aluminum, unit is unobtrusive and can be customized to fit any application.

Requires: Cat-5e STP Cable (EC 6001-XX) and Pluggable Mic (see page 11)

$1,100.00 MSRP

DM 6080 F
DCS 6000 Delegate Flush Unit w/Single Channel Selector & Loudspeaker for Pluggable Mic

- Cost-effective way to permanently flush mount a loudspeaker, a pluggable microphone with microphone button, and a channel selector.
- Each unit enables the conference participant to speak, register a request-to-speak, listen to other speakers, and listen to language channels.
- Made of black anodized aluminum, unit is unobtrusive and can be customized to fit any application.

Requires: Cat-5e STP Cable (EC 6001-XX) and Pluggable Mic (see page 11)

$950.00 MSRP

DCS 6000 Microphone Units

CM 6680 F
DCS 6000 Chairman Flush Unit w/5 Voting Buttons, Single Channel Selector for Pluggable Mic

- Cost-effective way to permanently flush mount a loudspeaker, a pluggable microphone with microphone button, yes/no/abstain and multiple choice voting buttons, a channel selector and chip card reader.
- Each unit enables the conference chair to speak, register a request-to-speak and listen to other speakers, cast a vote, listen to language channels and override delegates with the priority button.
- Made of black anodized aluminum, unit is unobtrusive and can be customized to fit any application.

Requires: Cat-5e STP Cable (EC 6001-XX) and Pluggable Mic (see page 11)

$1,500.00 MSRP

DM 6620 F
DCS 6000 Delegate Flush Unit w/ 5 Voting Buttons for Pluggable Mic

- Cost-effective way to permanently flush mount a loudspeaker, a pluggable microphone with microphone button, yes/no/abstain voting buttons and chip card reader.
- Each unit enables participants to speak, register a request-to-speak, listen to other speakers and cast a vote.
- Made of black anodized aluminum, unit is unobtrusive and can be customized to fit any application.

Requires: Cat-5e STP Cable (EC 6001-XX) and Pluggable Mic (see page 11)

$1,250.00 MSRP

DM 6680 F
DCS 6000 Delegate Flush Unit w/ 5 Voting Buttons, Single Channel Selector for Pluggable Mic

- Cost-effective way to permanently flush mount a loudspeaker, a pluggable microphone with microphone button, yes/no/abstain and multiple choice voting buttons, a channel selector and chip card reader.
- Each unit enables the conference chair to speak, register a request-to-speak and listen to other speakers, cast a vote, listen to language channels.
- Made of black anodized aluminum, unit is unobtrusive and can be customized to fit any application.

Requires: Cat-5e STP Cable (EC 6001-XX) and Pluggable Mic (see page 11)

$1,350.00 MSRP

FC 6020 F
Chairman Flush Panel for Pluggable Mic

- Cost-effective way to permanently flush mount a loudspeaker, a microphone, microphone button and priority override button.
- Enables conference chairs to speak, register a request-to-speak, listen to other speakers and override delegates with the priority button bringing structure to meetings.
- Elegant, unobtrusive black panels can be customized to meet your specific application.

Requires: MU 6040 C & Pluggable Microphone (see pages 10, 11)

$440.00 MSRP

FD 6120 F
Delegate Flush Panel for Pluggable Mic

- Cost-effective way to permanently flush mount a loudspeaker, a microphone, mute and microphone buttons.
- Enables participants to speak, register a request-to-speak and listen to other speakers bringing structure to meetings.
- Elegant, unobtrusive black panels can be customized to meet your specific application.

Requires: MU 6040 D & Pluggable Microphone (see pages 10, 11)

$325.00 MSRP

FC 6021 F
Chairman Flush Panel w/out Loudspeaker for Pluggable Mic

- Cost-effective way to permanently flush mount a microphone, microphone button, and priority override button, perfect in rooms with loudspeakers alrady integrated into the system.
- Enables conference chairs to speak, register a request-to-speak and override delegates bringing structure to meetings.
- Elegant, unobtrusive black panels can be customized to meet your specific application.

Requires: MU 6040 C & Pluggable Microphone (see pages 10, 11)

$335.00 MSRP

FD 6121 F
Delegate Flush Panel w/out Loudspeaker for Pluggable Mic

- Cost-effective way to permanently flush mount a microphone, mute and microphone buttons, perfect in rooms with loudspeakers already integrated into the system.
- Enables participants to speak and register a request-to-speak bringing structure to meetings.
- Elegant, unobtrusive black panels can be customized to meet your specific application.

Requires: MU 6040 D & Pluggable Microphone (see pages 10, 11)

$212.00 MSRP

DCS 6000 Microphone Units

CS 6032 FHB1
DCS 6000 Flush Mount Channel Selector

- Compact flush-mounted channel selector that distributes the floor audio, for assistive listening, as well as the language interpretation channels to overflow seating.
- The delegate or audience member can listen via a headphone with 3.5 mm (0.14 in.) jack (sold seperately), set the volume and select the channel on the numerical LCD display.
- Daisy-chain units easily with shielded FTP or STP Cat-5e cabling for simple installation (sold seperately).

Requires: Cat-5e STP Cable (EC 6001-XX) (see page 11)

$499.00 MSRP

DV 6501 F
DCS 6000 3 Button Flush Mount Voting Unit

- Permanently flush mount yes/no/abstain voting buttons and a chip card reader, in areas where participants need to vote, but don't need to speak.
- Daisy-chain units easily with shielded FTP or STP Cat-5e cabling for simple installation (sold seperately).

Requires: Cat-5e STP Cable (EC 6001-XX) (see page 11)

$789.00 MSRP

MU 6040 C
DCS 6000 Chairman Microphone Unit for Flush Panels

- Required to connect a chairman flush panel and/or loudspeaker to the DCS 6000 system.
- The compact and robust unit is conveniently mounted under the table or inside a floor box to be hidden from view.
- Daisy-chain units with shielded FTP or STP Cat-5e cable for simple installation (sold separately).

Requires: Cat-5e STP Cable (EC 6001-XX) (see page 11)

$569.00 MSRP

MU 6040 D
DCS 6000 Delegate Microphone Unit for Flush Panels

- Required to connect a delegate flush panel and/or loudspeaker to the DCS 6000 system.
- The compact and robust unit is conveniently mounted under the table or inside a floor box to be hidden from view.
- Daisy-chain units with shielded FTP or STP Cat-5e cable for simple installation (sold separately).

Requires: Cat-5e STP Cable (EC 6001-XX) (see page 11)

$469.00 MSRP

MU 6042 D
DCS 6000 Dual Delegate Microphone Unit for Flush Panels

- Required to connect a dual delegate flush panel and/or loudspeaker to the DCS 6000 system.
- The compact and robust unit is conveniently mounted under the table or inside a floor box to be hidden from view.
- Daisy-chain units with shielded FTP or STP Cat-5e cable for simple installation (sold separately).

Requires: Cat-5e STP Cable (EC 6001-XX) (see page 11)

$649.00 MSRP

All prices subject to change without notice

DCS 6000 Microphones

Advanced Pluggable Microphones

- High performance condenser microphone developed for the pluggable DCS 6000 table top and flush mount units.
- Improved RF rejection minimizes RF interference.
- Cardioid pattern Maximizes speaker pick-up while minimizing the risk of acoustic feedback.
- Features a bright red illuminated ring for easy speaker identification.

GM 6523 Advanced Pluggable Microphone 15.75 in.	$276.00 MSRP
GM 6524 Advanced Pluggable Microphone 19.69 in.	$276.00 MSRP
GM 6525 Advanced Pluggable Microphone 24.80 in.	$300.00 MSRP

GM 6622
Shotgun Pluggable Microphone 11.61 in.

- Wide-range miniature condenser shotgun microphone with 90º pickup angle.
- For use with pluggable DCS 6000 table top and flush mount units.
- Small-diameter microphone capsule.
- High-quality sound reinforcement.

$490.00 MSRP

BM 6620
Boundary Microphone for Flush Units

- Boundary microphone for flush mounted conference units.
- Low-profile omni-directional condenser microphone.
- High-quality sound reinforcement.

$350.00 MSRP

IH 6000
DCS 6000 Interpreter Headset

- Comfortable, sturdy, light-weight, professional headset especially designed for the IS 6132 DCS 6000 Interpreter Set.
- Features high quality transducers for excellent intelligibility and speech reproduction and a revolutionary shock-mounted close talking dynamic microphone for noise-free speech pickup.

$749.00 MSRP

DCS 6000 Cables & Interconnections

DCS 6000 Cat-5e STP Cable Assembly

- Shielded Cat-5e STP cable assembly used to daisy chain units.
- Offers screened durable RJ 45 metal connectors.

EC 6001-0.5 DCS 6000 Cat-5e STP Cable Assembly 19.69 in.	$6.50 MSRP
EC 6001-01 DCS 6000 Cat-5e STP Cable Assembly 39.37 in.	$7.50 MSRP
EC 6001-02 DCS 6000 Cat-5e STP Cable Assembly 6.6 ft.	$10.00 MSRP
EC 6001-03 DCS 6000 Cat-5e STP Cable Assembly 9.8 ft.	$15.00 MSRP
EC 6001-05 DCS 6000 Cat-5e STP Cable Assembly 16.4 ft.	$25.00 MSRP
EC 6001-10 DCS 6000 Cat-5e STP Cable Assembly 32.8 ft.	$38.00 MSRP
EC 6001-20 DCS 6000 Cat-5e STP Cable Assembly 65.6 ft.	$69.00 MSRP
EC 6001-30 DCS 6000 Cat-5e STP Cable Assembly 98.4 ft.	$95.00 MSRP
EC 6001-50 DCS 6000 Cat-5e STP Cable Assembly 164 ft.	$116.00 MSRP

DCS 6000 Cables & Interconnections

JB 6002
DCS 6000 2 Tap-Out Junction Box
- Provides two (2) protected tap-out ports from the daisy-chain which are isolated from the rest of the system, thus improving system redundancy and reliability.
- Typically used in high profile meetings that require system stability.
- Each port can handle one (1) delegate mic, one (1) interpreter set or four (4) channel selectors.

$339.00 MSRP

JB 6004
DCS 6000 4 Tap-Out Junction Box
- Provides two (2) protected tap-out ports from the daisy-chain which are isolated from the rest of the system, thus improving system redundancy and reliability.
- Typically used in high profile meetings that require system stability.
- Each port can handle one (1) delegate mic, one (1) interpreter set or four (4) channel selectors.

$419.00 MSRP

RP 6004
DCS 6000 Repeater
- Used to split one (1) DCS-LAN chain into five (5) for those systems that require a flexible and custom topology.
- Provides the required signal regeneration to extend the maximum cable length further than 656 ft.
- The compact and robust unit is conveniently mounted under the table or inside a floor box to be hidden from view.

$1,049.00 MSRP

CO RJ45 F
DCS 6000 RJ-45 Cat-5e STP Coupler
- Shielded, female coupler to connect two (2) STP or FTP Cat-5e cables.

$45.00 MSRP

CO RJ45 M-6.0
DCS 6000 RJ-45 Cat-5e Connector
- Screened, robust, metal, male RJ45 connector to terminate bulk STP or FTP Cat-5e cables.

$8.00 MSRP

LA-73
DCS 6000 RJ-45 Cat-5e STP Female Connector
- Shielded, female connector for terminating long cable runs.

$20.00 MSRP

LA-75
DCS 6000 Cat-5e STP Bulk Cable 1,000 ft.
- Shielded Cat-5e STP un-terminated bulk cable.

$480.00 MSRP

DCS 6000 Earphones

LA-161
Single Ear Bud
- Unobtrusive earphone secured by friction fit.
- Replacement ear cushions sold seperately (LA-163).

$8.99 MSRP

LA-162
Stereo Ear Buds
- Unobtrusive dual earphone secured by friction fit.
- Replacement ear cushions sold seperately (LA-163).

$11.00 MSRP

LA-164
Ear Speaker
- Our most popular model, ideal for users who don't want anything inside the ear.
- Durable black plastic can be cleaned after each use.

$14.00 MSRP

LA-165
Stereo Headphones
- Excellent sound quality that limits ambient noise and fits comfortably over the head covering both ears.
- Replacement ear cushions (LA-167) and sanitary covers (LA-168) sold seperately.

$18.00 MSRP

DCS 6000 Earphones

LA-166
Neck Loop
- Placed around the neck for maximum comfort and generates a magnetic field that is picked up by hearing aids equipped with "T" coil.

$55.00 MSRP

LA-170
Behind-the-Head Stereo Headphones
- Behind-the-head design allows usage with head gear and doesn't mess up hair.
- Replacement ear cushions (LA-167) and sanitary covers (LA-168) sold seperately.

$18.00 MSRP

DH 6021
Stereo Headphones
- Comfortable & light weight, does not contact the ear canal.
- Replacement ear cushions (LA-167) and sanitary covers (LA-168) sold seperately.

$45.00 MSRP

DH 6023
Stethoscope Stereo Headphones
- Light weight under the chin stetho style.
- Replacement ear pads sold seperately.

$35.00 MSRP

DH 6025
Clip Headphone
- Comfortable & light weight, frees up one ear for hearing environment sounds.
- Replacement ear pads sold seperately.

$27.00 MSRP

DCS 6000 Feature Licenses

DCS 6000 Feature License to Connect Conference Units
- Enables the Control Unit (CU) to control more than 50 delegate units.
- Each delegate, chairman, and flush mount voting units count as one (1) unit while dual delegate units count as two (2).
- Any amount under 50 units, feature license is free. (FL 6000 1D, E are only available for CU 6011)

FL 6000 1B DCS 6000 Feature License to Connect 100 Conference Units	**$1,259.00 MSRP**
FL 6000 1C DCS 6000 Feature License to Connect 500 Conference Units	**$1,499.00 MSRP**
FL 6000 1D DCS 6000 Feature License to Connect 1,000 Conference Units	**$1,999.00 MSRP**
FL 6000 1E DCS 6000 Feature License to Connect 3,800 Conference Units	**$2,499.00 MSRP**

DCS 6000 Feature License Audio Encryption for Conference Units
- Enables the Control Unit (CU) to send and receive encrypted digital sound to and from the conference units when secured audio is important.
- Each delegate or chairman unit counts as one (1) unit while dual delegate units count as two (2). (FL 6000 2D, E are only available for CU 6011)

FL 6000 2A DCS 6000 Feature License Audio Encryption for 50 Conference Units	**$999.00 MSRP**
FL 6000 2B DCS 6000 Feature License Audio Encryption for 100 Conference Units	**$1,259.00 MSRP**
FL 6000 2C DCS 6000 Feature License Audio Encryption for 500 Conference Units	**$1,499.00 MSRP**
FL 6000 2D DCS 6000 Feature License Audio Encryption for 1,000 Conference Units	**$1,749.00 MSRP**
FL 6000 2E DCS 6000 Feature License Audio Encryption for 3,800 Conference Units	**$1,999.00 MSRP**

DCS 6000 Feature Licenses

DCS 6000 Feature License Voice Activation for Conference Units

- The voice activation (VOX) feature license enables voice activated (gated) operation of the delegate units as an additional operating mode.
- Each delegate or chairman unit counts as one (1) unit while dual delegate units count as two (2). (FL 6000 3D, E are only available for CU 6011)

FL 6000 3A DCS 6000 Feature License Voice Activation for 50 Conference Units	**$509.00 MSRP**
FL 6000 3B DCS 6000 Feature License Voice Activation for 100 Conference Units	**$999.00 MSRP**
FL 6000 3C DCS 6000 Feature License Voice Activation for 500 Conference Units	**$1,259.00 MSRP**
FL 6000 3D DCS 6000 Feature License Voice Activation for 1,000 Conference Units	**$1,499.00 MSRP**
FL 6000 3E DCS 6000 Feature License Voice Activation for 3,800 Conference Units	**$1,749.00 MSRP**

DCS 6000 Feature License Voting for Conference Units

- Enables parliamentary voting for conference units with voting capability.
- Each delegate, chairman, and flush mount voting units count as one (1) unit while dual delegate units count as two (2).
  (FL 6000 4D, E are only available for CU 6011)

FL 6000 4A DCS 6000 Feature License Voting for 50 Conference Units	**$509.00 MSRP**
FL 6000 4B DCS 6000 Feature License Voting for 100 Conference Units	**$999.00 MSRP**
FL 6000 4C DCS 6000 Feature License Voting for 500 Conference Units	**$1,499.00 MSRP**
FL 6000 4D DCS 6000 Feature License Voting for 1,000 Conference Units	**$1,999.00 MSRP**
FL 6000 4E DCS 6000 Feature License Voting for 3,800 Conference Units	**$2,499.00 MSRP**

DCS 6000 Feature License Interpretation

- The interpretation feature license increases the number of available language interpretation channels beyond the four (4) basic channels in the DCS 6000 system.
  (FL 6000 5-31 is only available for CU 6011)

FL 6000 5-8 DCS 6000 Feature License Interpretation for 8 Channels	**$999.00 MSRP**
FL 6000 5-16 DCS 6000 Feature License Interpretation for 16 Channels	**$1,499.00 MSRP**
FL 6000 5-31 DCS 6000 Feature License Interpretation for 32 Channels	**$2,999.00 MSRP**

DCS 6000 Software

SW 6000-MM
DCS 6000 Meeting Management Startup Software Package

- Base software package meeting management applications.

Includes:

(1) FL 6000 3A DCS 6000 Feature License Voice Activation for 50 Conference Units
(1) SW 6000 DCS 6000 Conference Management Software Startup Package for 1 System
(1) SW 6008 DCS 6000 Conference User Application Software
(1) SW 6010 DCS 6000 Microphone Control Software
(1) SW 6020 DCS 6000 Delegate Database Software
Requires: LA-10

$5,351.00 MSRP

All prices subject to change without notice

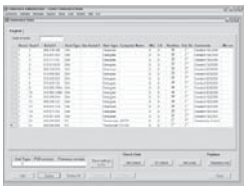
DCS 6000 Software



SW 6000
DCS 6000 Conference Management Software Startup Package for 1 System

- Provides unparalleled conference management capabilities for the operator, chairman and/or all meeting participants, giving a level of control or participation.
- This software is the foundation for which all other applications and modules use to communticate to the Control Unit (CU) via RS 232 serial communication.
- Includes the Control Unit Interface (CUI) for making the communication link and one (1) Conference Administrator Application (CAA) license for preparing and managing the settings of the meeting.
- Designed to operate with Microsoft Windows®.

Requires: LA-10 & A PC

$2,389.00 MSRP

SW 6005
DCS 6000 Conference Administrator Application

- Already included in SW 6000 Package.
- Used by people who are responsible for creating and maintaining basic conference data.
- Typically used offline before a conference is started, although it can also be used during a meeting.
- Designed with a standard Microsoft Windows user interface.
- Allows for setup of conferences, delegate database, voting parameters, agenda, mimic screen, languages and reports.

Requires: SW 6000 & LA-10

$1,289.00 MSRP

SW 6008
DCS 6000 Conference User Application Software

- An enhanced, graphically designed user interface used by the chairman, delegates, operator or other persons during an active meeting or conference.
- Designed to be used with either a touch screen and/or mouse/keyboard.
- Allows for viewing and controlling microphone activity, voting, interpretation, agenda, delegate information and messaging.
- Customizable user functionality based on the user profile and installed licenses.

Requires: SW 6000 & LA-10

$389.00 MSRP

SW 6232
DCS 6000 Conference User Application Software

- The External Control Application (ECA) allows 3rd party control devices such as AMX/Crestron to control the DCS 6000 system.
- The External Control Application (ECA) and Control Unit Interface (CUI) work together by receiving the commands from the 3rd party control device and then relaying them to the CU.
- Allows for both software control and 3rd party control simultaneously.

Requires: SW 6000 & LA-10

$519.00 MSRP

SW 6090
DCS 6000 Conference Display Application Software

- Allows the display of conference information such as agenda, voting results, speakers list, and messages.
- Typically displayed on large plasma/LCD or video projection screens for use by the conference members, audience or on a public hall display.
- Up to eight (8) independent displays can be controlled by the system simultaneously.
- The content of each screen can be customized to fit the look and feel of the conference.

Requires: SW 6000, SW 6008 & LA-10

$1,989.00 MSRP

SW 6010
DCS 6000 Microphone Control Software

- Used by the operator(s) of the meeting to control microphone activity.
- Allows for a delegate in the request-to-speak list to be moved up or down the order based on importance.
- The operator can activate a delegate's microphone or add any delegate to the request-to-speak list.
- Speakers list, request-to-speak list and control buttons available in the Conference User Application (CUA).

Requires: SW 6000, SW 6008 & LA-10

$1,289.00 MSRP

DCS 6000 Software

SW 6012
DCS 6000 Agenda Handling Software

- Agenda is created in the Conference Administrator Application (CAA) by the secretary or administrator.
- Each agenda item can be set as the current subject as the meeting progresses.
- Voting results can be created and stored for each individual agenda item.
- Automatically updates the current agenda in real-time when using public displays.
- Easily imported and exported for management while away from the system.

Requires: SW 6000, SW 6008 & LA-10

$1,039.00 MSRP

SW 6015
DCS 6000 Messaging Software

- Messages can be sent to individuals, groups or all in attendance.
- Generic messages can be created and saved prior to the conference.
- Anyone with a keyboard can write on-the-fly messages using the Conference User Application (CUA) during an active conference.

Requires: SW 6000, SW 6008 & LA-10

$1,989.00 MSRP

SW 6018
DCS 6000 Mimic/Synoptic Software

- Used by the operator(s) of the meeting to control microphone activity by selecting icons placed on a geographical lay-out of the room.
- Simple importing of a photograph of the actual conference room.
- Allows for control of individual microphone and loudspeaker volumes.
- Quick control buttons like "Next Mic On" and "All Requests Off" can be placed on the mimic control screen.

Requires: SW 6000, SW 6008, SW 6010 & LA-10

$1,039.00 MSRP

SW 6020
DCS 6000 Delegate Database Software

- Allows for delegate information to be entered such as name, title, company, country, group and background.
- Delegate names will replace individual ID numbers on the connected display devices.
- Each delegate can be assigned a different user type to allow a specific level of priority.
- Voting results can be created and stored for each individual delegate.
- Easily imported and exported for management while away from the system.

Requires: SW 6000, SW 6008 & LA-10

$2,389.00 MSRP

SW 6032
DCS 6000 Interpretation Control Software

- Used by the operator(s) of the meeting to remotely configure, monitor and control the interpretation sets.
- Allows for the designation of the specific languages to their corresponding booths.
- Select either channel number or a three (3) letter abbreviation to be displayed on channel selectors.

Requires: SW 6000, SW 6008 & LA-10

$2,659.00 MSRP

SW 6050
DCS 6000 Multi-Language Screens Software

- Allows the user to select their preferred language to be displayed in text on each of the software applications or personal touchscreen.
- The text can be written out in the users' native language so they can easily read and identify their choice.
- Completely customizable to allow for different regional language variations.

Requires: SW 6000, SW 6008 & LA-10

$1,549.00 MSRP

SW 6060
DCS 6000 Parliamentary Voting Control Software

- Opens up the parliamentary (yes/no/abstain) voting capabilities in the software by allowing the operator or chairman to start a vote from the Conference User Application (CUA).
- Voting results can be created and stored for each individual delegate as well as individual agenda items.
- A report can be created that will automatically compile all voting results.
- If desired, delegate attendance can be taken before each vote.
- Custom formulas can be created that will determine whether a vote has passed or failed based on the specific requirements of the meeting.

Requires: SW 6000, SW 6008, FL 6000 4x (see page 14) & LA-10

$3,987.00 MSRP

All prices subject to change without notice

Listen sends off 98% of product quotes within 1 hour

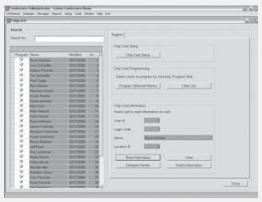
DCS 6000 Software

SW 6062
DCS 6000 Parliamentary Voting Client Software

- Enables individual meeting members who have a PC connected to the system to vote from the Conference User Application (CUA).
- The voting buttons will appear on the PC screen when a vote is started.
- If desired, delegate attendance can be taken before each vote.
- One (1) license is required for each meeting member who is voting on the CUA.

Requires: SW 6000, SW 6008, SW 6060, FL 6000 4x (see page 60) & LA-10

$779.00 MSRP

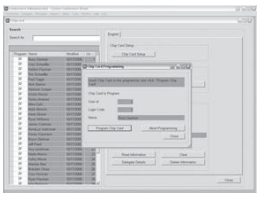


SW 6070
DCS 6000 Chip Card Registration Software

- Chip cards are used to login to the meeting for increased security or manageability.
- Upon insertion of a chip card into a microphone unit with a card reader, the system can automatically adjust and assign the delegate, chairman or secretary's information to that particular unit.
- Used in conjunction with the Delegate Database Software for populating names, user IDs and login codes.
- When using chip cards, different seating options such as open or assigned seating are possible.

Requires: SW 6000, SW 6008, SW 6020 & LA-10

$1,529.00 MSRP

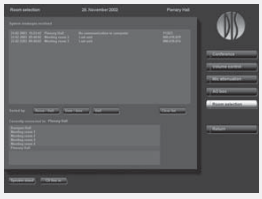


SW 6071
DCS 6000 Chip Card Programming Software

- Allows for simple programming of the chip cards when using the CP 6000 Chip Card Encoder.
- Used in conjunction with the Delegate Database software for populating names, user IDs and login codes.
- The chip cards can be re-programmed many times to accommodate the need for an evolving delegate database.
- A location ID can be created to ensure the chip cards are used in the proper location when there are multiple systems in a facility.

Requires: SW 6000, SW 6008, SW 6020, SW 6070 & LA-10

$1,289.00 MSRP



SW 6080
DCS 6000 Multi-Room Control Software

- Allows an operator or technician simultaneous control over multiple rooms/systems.
- Simple selection of the possible rooms in the Conference User Application (CUA).
- Information such as delegate names, agenda and interpretation channels will be automatically switched based on which room is selected.

Requires: SW 6000, SW 6008 & LA-10

$2,319.00 MSRP

SW 6085
DCS 6000 Streaming Application Control Software

- Provides the operator or technician the ability to control the functions of streaming and/or archiving.
- The controls are conveniently configured for use in the Conference User Application (CUA).

Requires: SW 6000, SW 6008, SW 6086, SW 7010 & LA-10

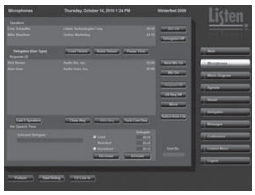
$1,629.00 MSRP

SW 6086
DCS 6000 Web Service Interface Software

- Allows for 3rd party web services to access information from the DCS 6000 SQL database for streaming and/or archiving applications.

Requires: SW 6000 & LA-10

$2,399.00 MSRP



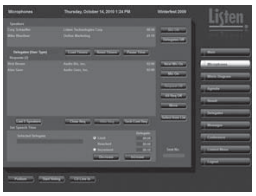
SW 6110 50
DCS 6000 Advanced Microphone Control Software for 50 Conference Units

- Advanced microphone control for use in conferencing systems that have up to 50 microphones.
- The microphone for a delegate who is in the request-to-speak queue or selected from a list can be turned ON at either their "Own Seat" or the "Podium".
- Up to three (3) conference units can be configured as podium microphones.
- A "Second User Type" can be used by those delegates whose status changed at some point during the meeting.

Requires: SW 6000, SW 6008 & LA-10

$2,400.00 MSRP

DCS 6000 Software



SW 6110
DCS 6000 Advanced Microphone Control Software

- Advanced microphone control for use in DCS 6000 systems that have more than 50 microphones.
- The microphone for a delegate who is in the request-to-speak queue or selected from a list can be turned ON at either their "Own Seat" or the "Podium".
- Up to three conference units can be configured as podium microphones.
- A "Second User Type" can be used by those delegates whose status changed at some point during the meeting.

Requires: SW 6000, SW 6008 & LA-10

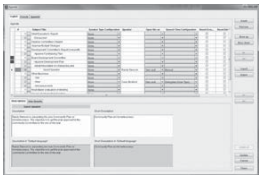
$7,800.00 MSRP

SW 6112 50
DCS 6000 Advanced Agenda Handling Software for 50 Conference Units

- Advanced agenda handling for use in DCS 6000 systems that have up to 50 microphones.
- A list of speakers can be attached to a specific agenda item, allowing automatic microphone handling when the new subject is set.
- A short description field is available for simple clarification of the agenda topic.
- The voting results attached to a specific agenda item can be viewed in the administrator application by use of the "Voting Results" tab.

Requires: SW 6000, SW 6008 & LA-10

$2,400.00 MSRP

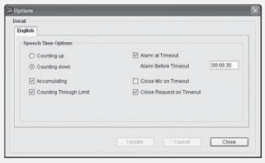


SW 6112
DCS 6000 Advanced Agenda Handling Software

- Advanced agenda handling for use in DCS 6000 systems that have more than 50 microphones.
- A list of speakers can be attached to a specific agenda item, allowing automatic microphone handling when the new subject is set.
- A short description field is available for simple clarification of the agenda topic.
- The voting results attached to a specific agenda item can be viewed in the administrator application by use of the "Voting Results" tab.

Requires: SW 6000, SW 6008 & LA-10

$7,800.00 MSRP

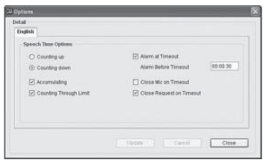


SW 6125 50
DCS 6000 Advanced Speech Time Software for 50 Conference Units

- Advanced speech time control for use in DCS 6000 systems that have up to 50 microphones.
- Allows for speech times to be set for everyone, groups or individuals in the conference.
- The clock can be set to count up or down and automatically turn off the mic.
- To keep the meeting on schedule, different speech times can be assigned to individual agenda items.

Requires: SW 6000, SW 6008, SW 6010 & LA-10

$2,400.00 MSRP



SW 6125
DCS 6000 Advanced Speech Time Software

- Advanced speech time control for use in DCS 6000 systems that have more than 50 microphones.
- Allows for speech times to be set for everyone, groups or individuals in the conference.
- The clock can be set to count up or down and automatically turn off the mic.
- To keep the meeting on schedule, different speech times can be assigned to individual agenda items.

Requires: SW 6000, SW 6008, SW 6010 & LA-10

$7,800.00 MSRP

SW 6186 50
DCS 6000 Advanced Import/Export Software for 50 Conference Units

- Advanced import/export for use in DCS 6000 systems that have up to 50 microphones.
- Allows entire meetings to be imported/exported which include things like conference name, start and stop date, voting results, agenda, delegate names, etc.
- The import/export is done by use of a web service.

Requires: SW 6000, SW 6008, SW 6086 & LA-10

$4,500.00 MSRP

SW 6186
DCS 6000 Advanced Import/Export Software

- Advanced import/export for use in DCS 6000 systems that have more than 50 microphones.
- Allows entire meetings to be imported/exported which include things like conference name, start and stop date, voting results, agenda, delegate names, etc.
- The import/export is done by use of a web service.

Requires: SW 6000, SW 6008, SW 6086 & LA-10

$13,000.00 MSRP

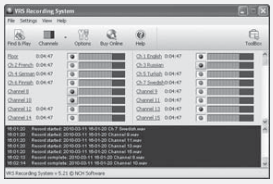
DCS 6000 Software

SW 7010
DCS 6000 Advanced Microphone Control Software

- Comprehensive archiving of audio, video and conference information.
- Used together with the DCS 6000 Software System to record or to stream live over the web, conference audio, video and/or conference information.
- It is unique to have this kind of capability integrated into a conference system and it opens new dimensions of having remote delegates able to participate in the conference.
- The archived files can easily be searched by delegate name, conference name, agenda item and/or date.
- The SW 7010 software package consists of the JD400 Meeting Encoder, JD450 Communication Service and JD710 Media Player and Capture Encoder Application (CEA).

Requires: SW 6000, SW 6008, SW 6085, SW 6086, LA-10 & four (4) PCs.

On Request. MSRP

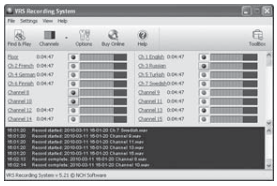


SW 7207
DCS 6000 7 Channel Recording Software

- Record up to seven (7) channels from various audio sources, such as meeting/interpretation channels, telephone, radio or other specialized voice recording applications.
- Voice activation can be enabled to automatically start recording when audio is detected.
- Allows for signal processing to improve voice intelligibility and automatic level control.

Requires: LA-10

$1,100.00 MSRP



SW 7264
DCS 6000 64 Channel Recording Software

- Record up to 64 channels from various audio sources, such as meeting/interpretation channels, telephone, radio or other specialized voice recording applications.
- Voice Activation can be enabled to automatically start recording when audio is detected.
- Allows for signal processing to improve voice intelligibility and automatic level control.

Requires: LA-10

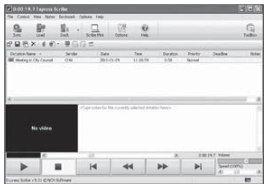
$1,400.00 MSRP

SW 7500
DCS 6000 Dictate Recorder Software

- One (1) channel digital audio recording with superb signal processing quality, recording encryption and the ability for attaching notes.
- Automatic non destructive record editing with multiple record modes including record-insert, record-overwrite and record-at-end.
- Ability to send recordings directly to a typist immediately by email, over an ordinary computer network (file folder) or via FTP.

Requires: LA-10

$200.00 MSRP



SW 7510
DCS 6000 Dictate Player Software (freeware)

- Free software with ability to play most audio file formats (including encrypted dictation files).
- Allows for variable speed (constant pitch) playback.
- Professional foot pedals can be connected to the game, serial or USB port of the PC for playback control.
- Uses system wide 'hot' keys so you can control playback when using other software such as Microsoft Word.

Requires: LA-10

$00.000 MSRP

LA-10
Conferencing Software On-Site Certification

- This 1-day training course is required for any dealer that wishes to sell or install Conference Management Software for use with DCS 6000 System.
- Course includes a DCS 6000 basics, intensive hands-on training, and concludes with an exam for certification.
- This certification includes a Listen Technologies trainer traveling to the dealer site and conducting the training for dealer staff.
- Completion of certification provides four (4) Infocomm renewal units for CTS certified individuals.

$2,000.00 MSRP

LA-11
Conferencing Software with Certified Dealer

- Specify this part number when software is required and the dealer is already Conference Management Software Certified.
- Only Certified professionals may sell or install Conference Management Software for use with DCS 6000 Systems.

$2,000.00 MSRP
